RED RAIDERS SCORE IN FINAL PERIOD TO DEFEAT (Continued from Page six)

Raiders

The Bulldogs were not quite ready for such a hard test so early in the season but any doubts that may have been held about the Bulldogs' courage and determination were quieted in the first night. Their spirit flamed as brightly last night as did that of the great teams of Thomasville's football history. They almost earned a tie score. In fact they almost won the game. The Bulldogs' players were fighting and if you must do that, they will go on the way to victory. They will go on from here to win victories and I predict right here and now that the Bulldogs will go to the Atlantic Day game with confidence and another defeat.

There were no outstanding stars for Thomasville. The two leaders of the team, H. C. Hayes and W. E. Hayes, were the best in the half carrying and putting the ball and who was a threat to the Raiders before he carried the ball.

Brodie and Saxe

There were two standouts in the game however. They were Paul Brodie, Waycross fullback, who about to called Steve, and Carl Saxe, one star guard on the Raiders forward wall.

Raiders injured

Strickland, Waycross halfback, was injured during the game, sustaining an arm injury that necessitated his early taking off the field by his mate, "Crock" Clements, center.

Waycross injuries were reported injured and unable to enter the Thomasville game, did not start but were able to get free and play well, although he was unable to get going, leaving the show up to the pile driving Brodie had.

It was noted that he finds two football teams are even closer as the Raiders and Bulldogs. The two were almost even and if the field had been dry there might have been a different outcome.

The Raiders have a good football team and their efforts deservedly served if hard-earned. But the Bulldogs get a share of the glory for their game fight.
